THE SIGN OVER YOUR DOOR

It is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The CITY DIRECTORY is where many people look when they want to find you. Make it easy for them to find you by putting in the Directory such Information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

CHIROPRACTIC

THE WORLD'S GREATEST SCIENCE

The Only Method Ever Discovered for Eradication of DISEASE By Going DIRECTLY to the CAUSE

A NEW ROAD TO HEALTH

A subluxated vertebra causes PRESSURE upon the NERVE interrupting NORMAL NERVE SUPPLY. This will weaken the TISSUE OR ORGAN supplied, and the RESULT IS DISEASE. A CHIROPRACTOR ADJUSTS the offending BONE to NORMAL Position, Relieving NERVE PRESSURE, thus removing the cause so NATURE can RESTORE HEALTH.

The success I have had in the past nine years is a guarantee of the excellence of the results you will receive in the future.

THE CAUSE OF DISEASE

95% of all diseases originate at the points indicated by the arrow heads. The diseases mentioned below are only a few which are caused by subluxations of vertebrae in the spinal column.

1. Slight subluxations at this point will cause so-called headaches, eye disease, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.

2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.

3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.

4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.

5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so light as to remain unnoticed by others except the trained Chiropractor.

6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hiccoughs, worms, etc.

7. Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.

8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.

9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?

10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

Chiropractic Adjustments Remove Pressure from Nerves and Health Returns

The success I have had in the past nine years is a guarantee of the excellence of the results you will receive in the future.

MASTER
TRUCKS

"the name describes them"

What MASTER transportation means to you:

—CERTAINTY, —because permanent dependability is built into every Master Truck by expert engineers who have made Master Trucks a life-study.

—ECONOMY, —because Master Trucks cost little to buy and less to maintain. They keep in service because the service is built into them to stay.

—MORE BUSINESS, —because your radius of operations is doubled; because you can serve more customers, do it better, and do it at less expense.

—BEST VALUE, —because the quality is the highest and because Master prices are $300 to $400 less than the average.

—SATISFACTION, —because the Master Truck is a wise, profitable investment, and because we are here to see that you get every possible advantage from it.

Master Trucks are built solely from a quality standpoint. They contain the best that money can buy. Their designers are experienced men. They are built on practical lines. They are made for the pounding work of continuous service. They are planned to give an owner a profitable long-time investment. They perform; and they endure.

Examine the big, powerful motors—the best in America—and you will understand their ability. Put a rule on the heavy pressed-steel, bridge-like frame! Note the semi-flexible construction, the three-point suspension and the powerful springs. Look at the little details like rivets and minor connections;—see how thoroughly the makers have attended to the smallest things. Remember that Trucks must move tonnage, and work clock-like, rain or shine. Remember that Masters will!

6 SIZES. 11 MODELS. 1½ to 6 TONS.

THE ROYAL TYPEWRITER

COMPARE THE WORK

Responsive to the nimble touch.

Try it.

Strike any operating key on a "Royal."

You will notice that before you can lift your finger from the key the typebar rebounds from the platen and the carriage advances a space.

Not speed alone is the result of this responsiveness—there is less wear of the machine and less strain on the typist. No wonder Big Business has chosen the "Royal," for "Royal" endurance ends the trading-out evil.

TELEPHONE FOR A "ROYAL" DEMONSTRATION.
